

**Calling all geography, social studies, science, environmental science and careers teachers.**

**Register now for**

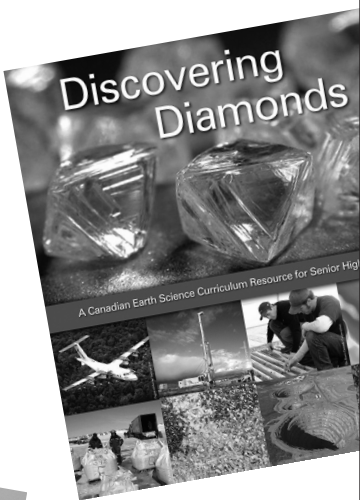

Sunday, March 4, 2012  
Metro Toronto Convention Centre  
Toronto, ON

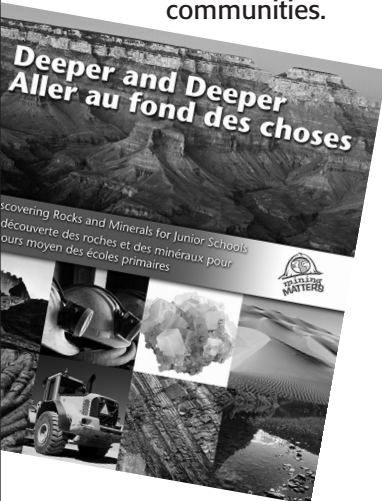

Event will take place during the world's largest annual mineral exploration convention

## 5<sup>th</sup> ANNUAL TEACHER'S DAY

Learn about Canada's mineral wealth and mineral exploration industries. Tour the outstanding exhibits on the trade show floor. See the technologies used in resource exploration, career opportunities, and the industry's social responsibilities to the environment and communities.

Senior level workshop

Junior level workshop

Attend one of Mining Matters' in-depth training workshops and experience hands-on activities designed to engage students in Earth science. Each teacher will receive a free classroom Earth science resource kit.
