

The Best of The Monograph

3rd Edition

New!!!!

Announcement!

Now Available for Purchase

The best resource for anyone teaching Geography has just gotten even better with the addition of full issues of **The Monograph** from 2006 to 2008, all in one handy and compact CD.

You will find this CD is a golden archive of proven classroom activities for all Geography courses from Grades 7/8 to Grade 12 that have appeared in **The Monograph** from 1989 to the end of 2008—a twenty year period.

If you are a veteran member, the CD is a compact and accessible source of all those back issues that have been worn thin with use or have gone missing for one reason or another. All you will need is your favourite web browser to access the files organized by course, grade, and theme. Only a few mouse clicks and you will be able to open and print any of the lesson articles in a few seconds.

Features:
Resources Organized by Grade and Course
Coverage from Grades 7-8 to 12
Complete issues of The Monograph
from 1997 to 2008
